

## What are Scale Scores?

**Scale scores** have the same meaning for all the different TAKS tests you will take this spring.

First we count the number of questions that you answered correctly on each TAKS test.

Then we convert your raw scores (number of correct answers) to "**scale scores.**"

In Texas, you need a scale score of **2100** to pass.

You will need a scale score of **2300-2400** in reading and math to reach **College/ Career Readiness (CCR)**.

Reaching **CCR** is important because we know you have mastered the skills, and you are ready for the next grade!

Your teacher can tell you your scale scores, and the number of questions you will need to answer correctly to reach your **growth goal** and **CCR**!

**HAVE A GREAT YEAR!**

## Last Year's Scores

### Reading

Scale Score \_\_\_\_\_

# correct \_\_\_\_\_

# to pass \_\_\_\_\_

# for CCR \_\_\_\_\_

### Math

Scale Score \_\_\_\_\_

# correct \_\_\_\_\_

# to pass \_\_\_\_\_

# for CCR \_\_\_\_\_

## This Year's Goals

### Reading

Goal Scale Score \_\_\_\_\_
